Tune a Ukulele to Itself

Tune the **E** string by putting a finger on the 3nd fret (which creates a **G** note) and tune it to match the open **G** string.

2 Tune the **A** string by putting a finger on the 2nd fret on the **G** string (which creates an **A** note) and tune the open A string to match the **G** string's **A** note.

Tune the **C** string by putting a finger on the 4th fret (which creates an **E** note) and tune it to match the open **E** string.

1 Tune this string first with a tuner or from someone else's instrument

	A#	B	C	C#
A	F	F#	G	G#
E	C#	D	D#	E
C	G#	A	A#	B
G
