

On and On — Bill Monroe (1956)

G C G
Traveling down this long lonesome highway

D
I'm so lonesome I could cry

G C G
With memories of how we once loved each other

D G
And now you are saying good-bye

====CHORUS

G C G
On and on I'll follow my darling

D
And I wonder where she can be

G C G
On and on I'll follow my darling

D G
I wonder if she ever thinks of me

=====

G C G
I've cried I've cried for you little darling

D
It breaks my heart to hear your name

G C G
My friends they all so loved you my darling

D G
And they think that I'm to blame CHORUS

G C G
I had to follow you little darling

D
I ... can't sleep when the sun goes down

G C G
Cause by your side is my destination

D G
The road is clear and there is where I'm bound CHORUS
